

Exercise no 2.

1. created a text file called a.txt and added some data into it
2. created a text file called b.txt and copied the contents of a.txt into b.txt
3. modified some data in the b.txt and found the differences between a.txt and b.txt using 'diff' command

```
subhash@ignitarium-ThinkPad-L14-Gen-2: ~/linux_shell$ touch a.txt
subhash@ignitarium-ThinkPad-L14-Gen-2: ~/linux_shell$ gedit a.txt
subhash@ignitarium-ThinkPad-L14-Gen-2: ~/linux_shell$ touch b.txt
